

KHALID JAMIL

SOC Analyst (L1) Aspirant | New Delhi, India

+91 7485818393 | khalidjamil0777@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

BCA graduate seeking to start my career as a SOC Analyst L1. Currently focused on building foundational skills through TryHackMe's SOC Level 1 path and structured SOC training via Defornix Academy, with CompTIA Security+ preparation to follow. Solid understanding of networking fundamentals (TCP/IP, DNS, HTTP, ports & protocols) and Windows/Linux basics. Clear written communicator, genuinely curious about how attacks work and how they're detected, and open to working in a rotational shift environment.

TECHNICAL SKILLS

Networking & OS: TCP/IP, DNS, HTTP/HTTPS, Ports & Protocols, Windows, Linux
Security Basics: Log Analysis, Alert Triage, Phishing Analysis basics, SIEM Fundamentals (Splunk)
Tools: TryHackMe, Wireshark, Nmap, Git, GitHub, VS Code
Programming: Python (Basic), JavaScript, Java (Basic), C/C++ (Basic), MySQL
Additional: HTML5, CSS3, Deployment (Vercel, Netlify, Render), AI-Assisted Tools (ChatGPT, Claude, GitHub Copilot)

CYBERSECURITY TRAINING

SOC Level 1 Learning Path | TryHackMe 2026
• Working through hands-on rooms covering log analysis, network traffic basics, and security operations concepts.

SOC Analyst L1 Training | Defornix Academy 2026
• Structured training on SOC workflows, SIEM tools, and incident response fundamentals.

CompTIA Security+ | Planned Next

PROJECTS

Echo E-Commerce Platform | React.js, Node.js, MongoDB, AI-Assisted 2026
• Built and deployed a full-stack app with authentication and RESTful APIs using AI-assisted development workflows.
• Links: [Live](#) ↗ | [GitHub](#) ↗

Personal Portfolio Website | HTML5, CSS3, JavaScript, AI-Assisted 2026
• Developed and deployed a responsive portfolio site with cross-browser compatibility.
