

KHALID JAMIL

SOC Analyst (L1) Aspirant | New Delhi, India

+91 7485818393 | khalidjamil0777@gmail.com | [Portfolio](#) | [LinkedIn](#)

PROFILE SUMMARY

Aspiring SOC Analyst L1 with a strong foundation in networking fundamentals, security operations concepts, and hands-on lab practice. Currently completing structured SOC training through TryHackMe's SOC Level 1 learning path and Defronix Academy, with practical exposure to Linux and network traffic analysis using Wireshark. Quick learner with a background in technology (BCA) and a strong interest in building a long-term career in security operations.

TECHNICAL SKILLS

- Networking Fundamentals: TCP/IP, OSI Model, DNS, Subnetting, Firewalls, VPN
- SOC Fundamentals: SIEM concepts, Incident Response lifecycle, Log types & analysis, Threat Intelligence basics
- Tools & OS: Kali Linux, Wireshark, Nmap, VMware, Windows, Linux basics, Git/GitHub, VS Code
- Scripting: Python (Basic)
- Currently Advancing In: Operating Systems (deep dive), Advanced SOC concepts & practical labs

HANDS-ON PROJECTS

Home Lab – Network Traffic Analysis

Personal Project

- Set up a virtualized lab environment using VMware with Kali Linux for hands-on cybersecurity practice
- Captured and analyzed network traffic using Wireshark to understand packet structure, protocols, and basic traffic patterns

TRAINING & LEARNING PATH

TryHackMe – SOC Level 1 Learning Path

In Progress

- Currently working through Pre Security, Security 101, and SOC Level 1 modules

Defronix Academy – SOC Analyst Training

In Progress

- Studying SOC theory and practical concepts, including advanced SOC operations and OS-related fundamentals

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

IIMT Group of Colleges, CCS University, Delhi NCR

Advanced Diploma in Computer Applications (ADCA)

2021 – 2022

Institute of Computer Studies

Class 12 (Higher Secondary) – PCM

2022

MM Memorial High School, Bihar

Class 10 (Secondary)

2020

DAV High School, Bihar

CERTIFICATIONS

- Python (Basic) Certificate — CodeChef, 2023

ADDITIONAL INFORMATION

- Languages: English, Hindi
- Other: Familiar with Generative AI tools (Certificate — Outskill, 2025)
